

# ESCAPE FROM THE VALLEY!

**IT'S WARTIME AND YOUR PLANE HAS CRASH LANDED IN THE VALLEY. YOU'RE IN HOSTILE TERRITORY AND THE VILLAGE IS TEEMING WITH ENEMIES.**

**ONE OF YOUR FELLOW PILOTS HAS MANAGED TO ESCAPE AND LEFT BEHIND A SERIES OF CLUES FOR YOU AROUND THE VILLAGE TO GUIDE YOU TO YOUR BACKPACK OF ESSENTIAL ITEMS.**

**CAN YOU DODGE THE VILLAGERS WHILST NAVIGATING THE CLUES TO FIND YOUR BACKPACK AND ESCAPE?**

Monday 15<sup>th</sup> August 1943

Dear Comrade,

It's been 5 days since we were parted by the blast. I trust you are not too injured and have been able to take cover.

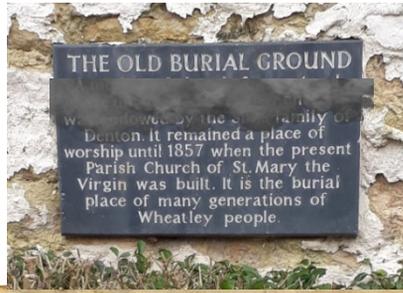

I managed to salvage your backpack containing your jetpack and other essential items and have hidden this carefully for you in the hope that you might be reunited with it. It's too risky for me to tell you exactly where it is - if the secret papers you were carrying fell into the enemy hands, the situation would be dire.

Instead, I have prepared 12 clues which you need to answer in order to identify 12 letters. Unjumble these letters correctly and you will know exactly where to find your backpack.

In my haste, I couldn't map out a route for you - it's down to you to work out the best order in which to complete the clues and quickly find your pack!

Please take care - the villagers look harmless but if they realise you are the opposition, you could find yourself in grave danger.

KEEP YOUR DISTANCE AT ALL TIMES!

**HERE ARE YOUR CLUES**

Write letter  
in the box...

1. Look for the white crossroads sign in Church Road park - what is the 1<sup>st</sup> letter of the place that is 6 miles away?
2. Someone had the famous Drs Johnson and Boswell to stay at his house in Crown Road in 1784. What was the last letter of his surname?
3. Look for the Old Burial Ground plaque in the High Street memorial ground - what is the 22<sup>nd</sup> letter on this board?
4. Look at the white wall plaque next to the entrance to the language school in the High Street - what is the 4<sup>th</sup> letter in the last word?
5. Look for the green parish council board in the Church Road park. Which vowel appears most often on this board?
6. Head to where the High Street meets Crown Square and Friday Lane. What is the last letter in the surname of the United Reformed Church minister?
7. Find your way to the top of Holloway Road. You're at the edge of the valley and it might be tempting here to escape over the Holton bridge. Don't risk it! There are enemy guards manning the exit. Instead, look at the large white road sign next to the Doctors' surgery car park which has an arrow pointing down the London Road towards ASDA. What letter does the 2<sup>nd</sup> word on here begin with?
8. Find the sign for an Accountants business in Crown Road. Which consonant appears 4 times in the board's title line?
9. If 1=A, 2=B, 3=C, 4=D etc, then what letter do you get if you add up all the individual digits in the year the Merry Bells was built?
10. Look at the Kids' menu outside the Sun Inn. What letter does the first option on the menu begin with?
11. Head up the steps at the back left corner of Howe Close - Make sure you go no further than the board at the top of the steps. The hill beyond is littered with enemy traps to prevent escape! What is the 3<sup>rd</sup> letter in the 2<sup>nd</sup> word on the board?
12. Head to the library, but take great care here. As far as we can tell this holds highly classified enemy documents so they guard it well. Fortunately, you do not need to attempt to get inside! Check the green board outside the library entrance. What is the 5<sup>th</sup> letter on here?

You will find your backpack... (Unjumble the letters and fill in the blanks)...

**Did you crack the code and find your backpack? If yes, please DON'T tell anyone else. This is a top secret location so they must crack the clues themselves!**
