

The seven milk rounds were, apparently

1. Caleb Harris (no connection to Harris's Stores) milk round in the 1940s with milk from Orlidge's Farm (Old Park Farm in Holton on the Shotover Estate across the motorway) with his dairy on the left of the road to the now-caravan site off Littleworth Road
2. Trinder's (farm up Ladder Hill)
3. Freddie ('Watery') Allen in High Street This was at the back of the site now occupied by Rose Villa and a second new house behind.
4. White and Welford using the building east of Granary in Church Road and possibly the old boys school building in the back garden of Mitcheldene.
5. Rose Washington's of College Farm
6. Burtons form Headington
7. Co-op.
