CHAIRMAN'S WELCOME

On behalf of the Committee may I welcome you to our Twelfth Steam Rally.

Holton can be justly proud in its achievement of bringing so many interesting machines to our village, not only machines but people.

John Hirons, our commentator for the weekend, is irreplaceable. His knowledge of all kinds of vehicles is second to none and his broadcasting manner is both humorous as well as interesting.

We are indebted to all our exhibitors for the wonderful machines they have on show. The work these people spend on their 'pride and job' is tremendous and without them there would be no Show.

A special thanks to the people of Holton and district for all the help in preparing for the Rally and all that goes to making a successful weekend.

We hope you enjoy yourselves and thank you for coming.
